

Fall Detector Pendant

An advanced pendant offering cutting-edge fall detection capabilities and up to a 300 metre range.

Suitable for those who are living or working alone and are at risk of falls.

Features:

- Pendant range to alarm base of approx. 300 metres.
- Ideal solution for those who live or work alone.
- Pendant will sound a pre-alarm for 15 seconds before sending an alert.
- Unique shake-to-cancel feature.
- The pendant will flash a red light if the alarm has been activated.
- The Fall Detector pendant is designed to detect a significant fall and subsequent impact. While every effort is made to capture the range of falls possible, some falls may not register. In such instances, the pendant button should be used.
- Modern design significantly reduces instances of false alarms.
- Pendant is water resistant.
- Supplied with a clip-on attachment and a surgical stainless-steel neck chain.

The Fall Detector Pendant is an optional extra. For non-funded clients an additional charge may apply.

This pendant is compatible with Safety Link's medical alarm.
