

# Wall Mount Button

A wall mounted wireless trigger which communicates with Safety Link's alarm base unit. The button offers a fixed point for users to raise an alert for assistance.

## **About this product:**

An ideal solution for Retirement Villages, providing the ability to raise an alert not only in residences, but also in shared community areas, public amenities, and bathrooms.

## **Features:**

- Range of ~300 metres
- Water resistant seal that allows the button to be attached and used in wet areas
- Single red button with 'HELP' displayed for ease of use
- 5 Year battery life
- Compatible with Safety Link's alarm base unit.
- Simple to operate

## **Application/Uses:**

- Retirement Village facilities
- Community centres
- Gyms
- Communal areas
- Car parks
